Lift Life is committed to improving people's lives by providing best quality health care product and services that consistently meet the needs of our customers.

LIFT FOR LIFE

OUR MISSION IS TO UPGRADE OUR SURROUNDING'S LIFE WITH LIFT LIFE.

Since 1972 we have established research based manufacturing companies mainly in areas relating to aromatic chemicals, antioxidants, biocides, biodiesel, catalysts. Apart from these we also manufacture castor oil, essential oils, fatty acids and all their various derivatives, as well as flavor and perfumery chemicals, menthol, specialty and sunscreen chemicals. We are also pleased to inform you that we have expanded our horizon and have begun manufacturing and marketing in the pharmaceuticals sector, because we believe and truly understand the universal importance and right to good health and thus we at Lift Life believe that it is our duty to promote a safer, better and a healthier tomorrow as our vision and motivation.

Quality and Affordability is our key mission, we seek the highest quality information, decision as well as people. Our state-of-the-art manufacturing facilities feature the most advanced equipment that ensure maximum quality as well as affordability. We continually look for ways to innovate and expand our product range to ensure maximum value and affordability to our customers as well as supply chain. We believe every one needs an upgradation in their lives and thus by being a socially responsible company we are proud to say our mission is 'Upgrade Life with Lift Life'

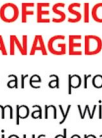

Mission

We understand that the right to good health is universal and we believe we can make a difference in spreading happiness to raise wellbeing and upgrade many lives through LIFT LIFE.

Vision

To be a leading pharmaceutical company with strategic alliance, brand equity, technology and global presence.

Ethics

Honesty, courage, team spirit and trust.

PROFESSIONALLY MANAGED COMPANY

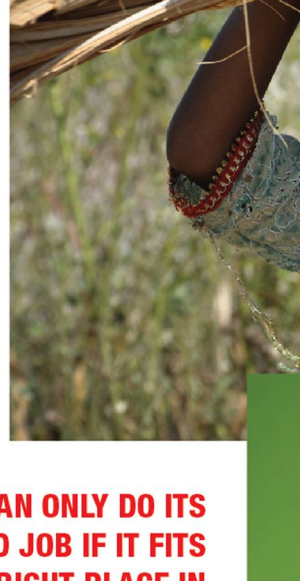

We are a professionally managed company with the support of various departments like

- ◆ Production
- ◆ Marketing and Sales
- ◆ HRD
- ◆ Finance

working in harmony to achieve excellence.

A DRUG CAN ONLY DO ITS INTENDED JOB IF IT FITS IN THE RIGHT PLACE IN THE BODY, WHICH IS WHERE CHEMISTRY PLAYS A BIG ROLE IN TWEAKING MOLECULES TO INTERACT APPROPRIATELY WITH THE BODY.

CSR INITIATIVES

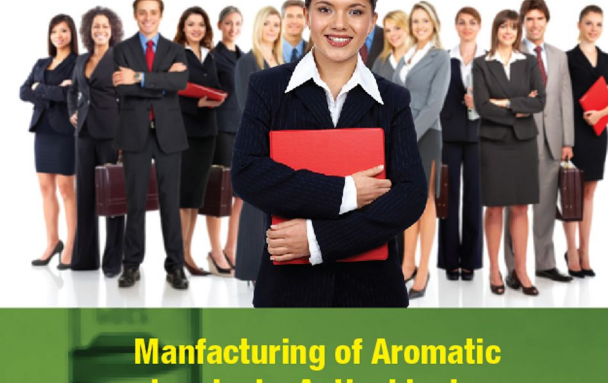

LIVES

LIFTLIFE is conscious of its social responsibility and have adopted villages for continuously implementing several welfare schemes in key-identified areas like education, health, community asset development and youth development especially for "LITTLE WORKING CHILD".

EMPLOYEE WELFARE

We believe in employees and in their competencies and bring together highly talented professionals & provide an environment conducive for their personal and professional growth.

Every day chemistry touches each one of us and is an integral part of our life helping to feed us, clothe us, house us, heal us. Chemistry is a passion and has been the inspiration at LIFTLIFE to contribute towards building a healthier tomorrow. Since 1972 LIFTLIFE has expertise in Chemical engineering and specialises in:

- Global consultation (For eg. Dubai, Australia etc.)
- Assignments of research based organisation
- Escalation of projects (Establish Infrastructure and Machinery equipments)

Manufacturing of Aromatic chemicals, Antioxidants, Biocides, Bio-Diesel, Castor Oil and its derivatives, Catalysts, Essential Oils and its derivatives, Fatty Acid and its derivatives, Flavor & Perfumery Chemicals, Menthol, Specialty Chemicals and Sunscreen Chemical.
